By the Assistant Chief, Audio Division

1 Before the Audio Division for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. The petitioner for each proposal has stated that it will apply for each requested channel, if allotted. Each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:
